Cycle Maintenance Sessions for ages 14 - 24

We can provide free cycle maintenance sessions at local youth organisations and schools. Please note:

- These sessions are usually offered in 6 week blocks
- The maximum number of participants is usually 8
- Achievement of the AQA qualifications requires participants to be present at every session
- We can offer variations on the above by agreement and subject to availability
- Additional sessions can be negotiated on a fee paying basis via our social enterprise
- Sessions are offered at the discretion of EcoLocal

Other Services:

Renovated cycles for sale:

Cycles are serviced, cleaned, fitted with new parts where required and adjusted, and are sold as seen in good working condition.

Adult maintenance courses:

Find out how to carry out basic and intermediate standard repairs e.g. how to: repair a puncture, adjust your brakes and gears, and other basic maintenance tasks. Contact us for availability and prices.

Inclusive cycling sessions:

Accessible cycling for all abilities - a range of specially adapted bikes and trikes - supported cycling in a safe and secure environment away from cars. Call for more information
